

Golf is a lifetime adventure!

It is fun, challenging and rewarding, There are more kids today learning the game than ever before. With attaining the basic fundamentals in a fun environment with routine practice and quality physical & mental training, you can expect to see great results and many exciting days ahead for you.

The greatest influence in golf is "Attitude" if you believe you can, you can!

Jr. Girls Club 2005

Golf Instruction, Skills Challenges,
Playing Golf, Pizza & Prizes

With the help of many, the Jr. Girls Club provided eight fun golf events and good times for over 40 different young girls. Friendships formed during these events can become long lasting and rewarding. We are grateful to be able share our love of the game with so many talented girls!

Our goal is to continue to provide the Jr. Girls Club program for years to come. It can not happen without the enthusiasm and dedication of our sponsors, leaders and volunteers!

Thank You!

Sincerely,
Martianne Munro
